URL: <http://www.merittrac.com/smartertest/aboutus.html>

Madan Padaki is the Co-founder & CEO, MeritTrac Services. He is an engineer from the National Institute of Engineering, University of Mysore and an MBA from SP Jain Institute of Management & Research. Before co-founding MeritTrac, Madan had stints with Wipro Corporation, Infosys Technologies and BFL Software (now EDS Mphasis). At Wipro he was attached to the Fluid Power unit in export sales and was into a product management and marketing role at Infosys. His stint at BFL Software involved a business development role and he was posted to Tokyo in a role that involved setting up their operations in the Far East. As the CEO of MeritTrac he is involved in leading the organization and spearheading its future.

Madan is an active speaker at many forums specifically on topics pertaining to Assessments, Talent Pools & Employability Enhancement. He is the author of several articles on HR & Employability which have been featured in leading publications across India. He is extensively quoted in the media as an expert in the field of assessments, talent pools and featured in articles on entrepreneurship. He serves on the Governing Council of DOEACC, an organisation of the Ministry of IT, Govt. of India to evaluate IT education in India and is an active member of NASSCOM, CII, TiE, etc.
