

Designing Learning Environments Selecting the Right Technology and Tools for the Effective Use of ICTs in Education

Dr Michelle Selinger
Director, Education, Asia Pacific
Internet Business Solutions Group

PC Labs

- Pedagogically restrictive
- Students have to go to IT
- Inflexible
- Not scalable
- ICT skills only focus
- Teacher & student unfriendly
- Technology bolt-on not built in
- Physical security costs
- Room costs
- Furniture costs
- Operating costs
- Little peer collaboration

In class

Laptops or PCs ... or both?

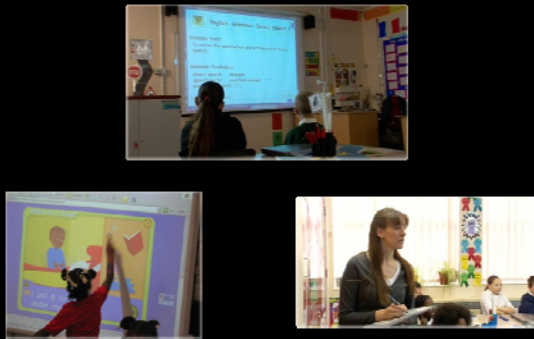

Handhelds and ultra-mobile devices

Digital cameras

Mobile Electronic Whiteboards

Low cost alternative – Pico projectors

Phones

Learning Spaces

Silverton Primary School

Silverton Primary School

TU Eindhoven: Furniture on the Move
