Wee Teck Hin
General Manager
Global Business
teckhin@ncs.com.sg

AGENDA

- ▣ Concerns & Opportunities
- ▣ Enabling Infrastructure
- ▣ Case Study

Key Concerns

- Sustainable Economic Growth
- Better Healthcare and Education
- Better Utilisation of Resources (Human + Natural)
- Making society a better place for the citizens (urban and rural communities)

Areas to Address

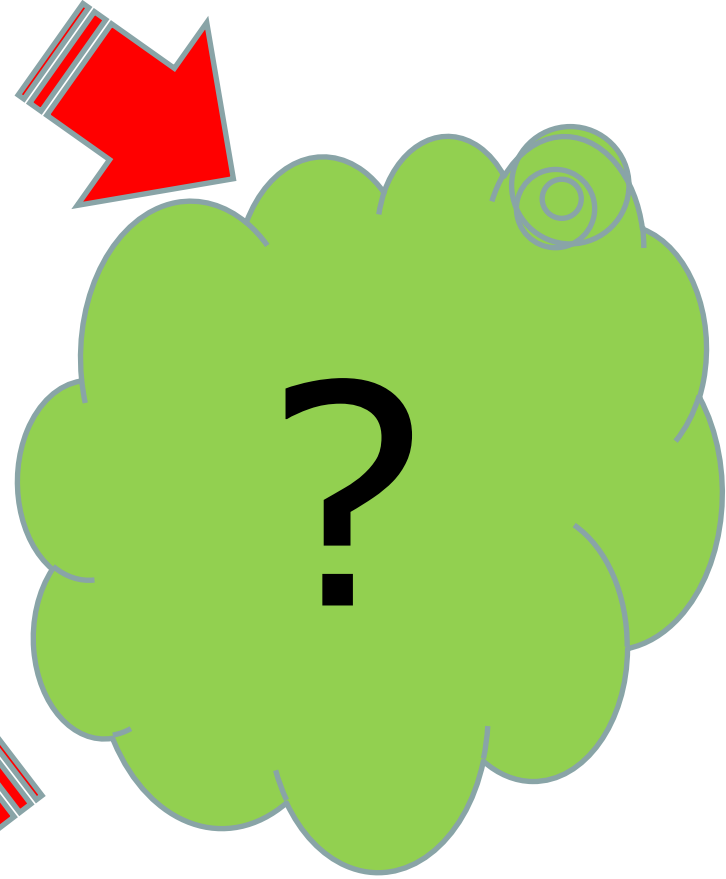

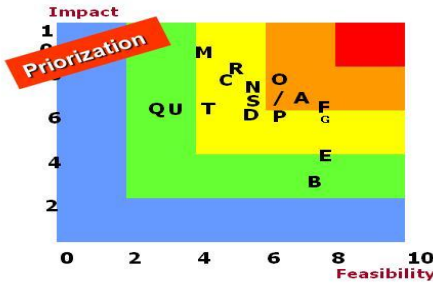

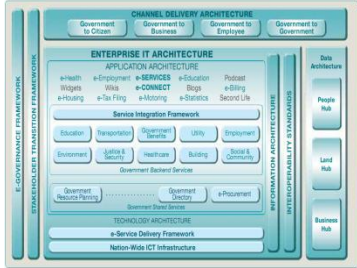

- Stronger Governance, Administration
- Provides convenient services for citizens (including businesses)
- Integrating IT into society (business, agriculture, economy, education)
- Better utilisation/Management of Resources
- Developing long term economy based on IT (export focus)

The Journey

DNA 2.0

Prioritised e-Services

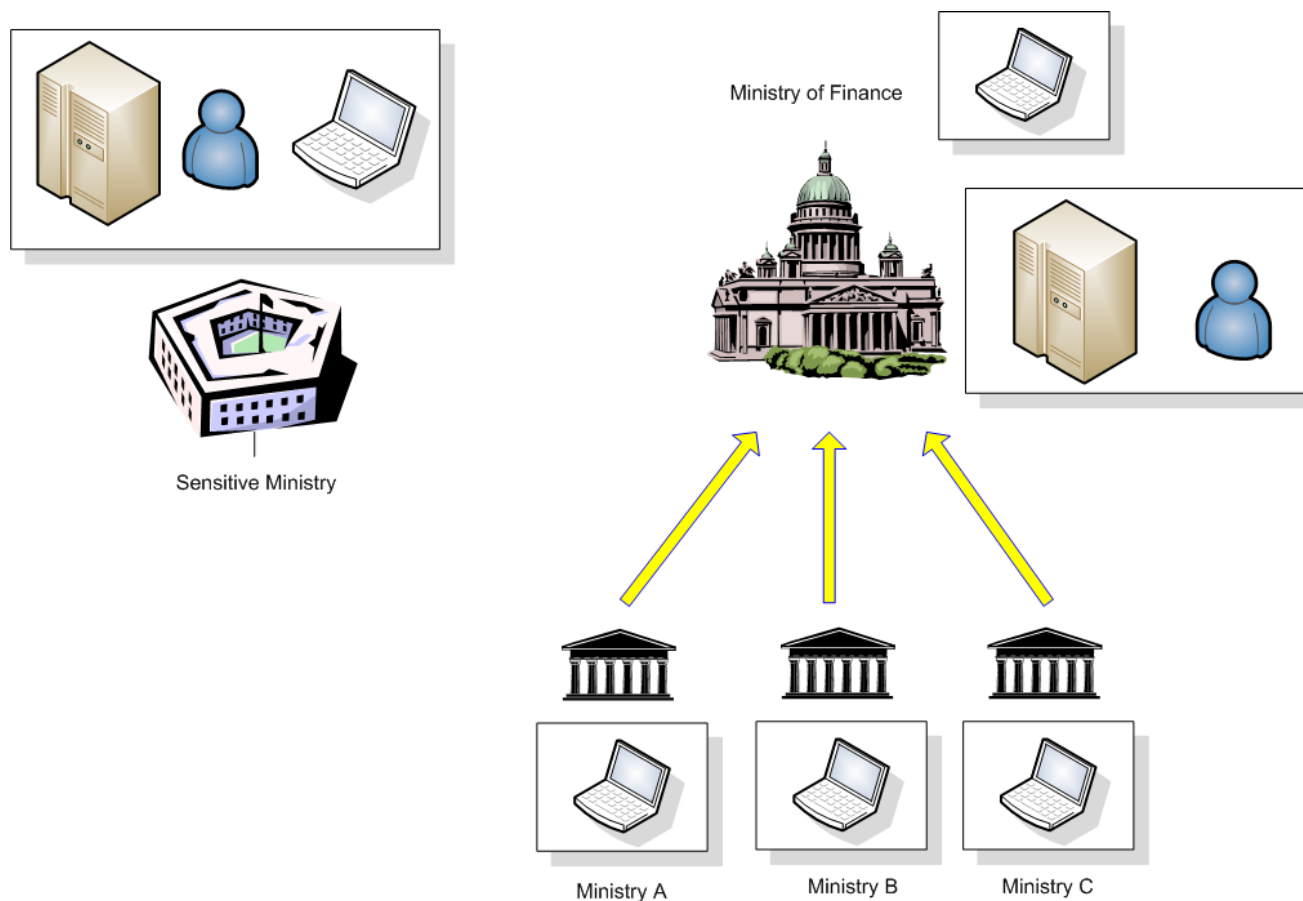

Governance

Early 80's

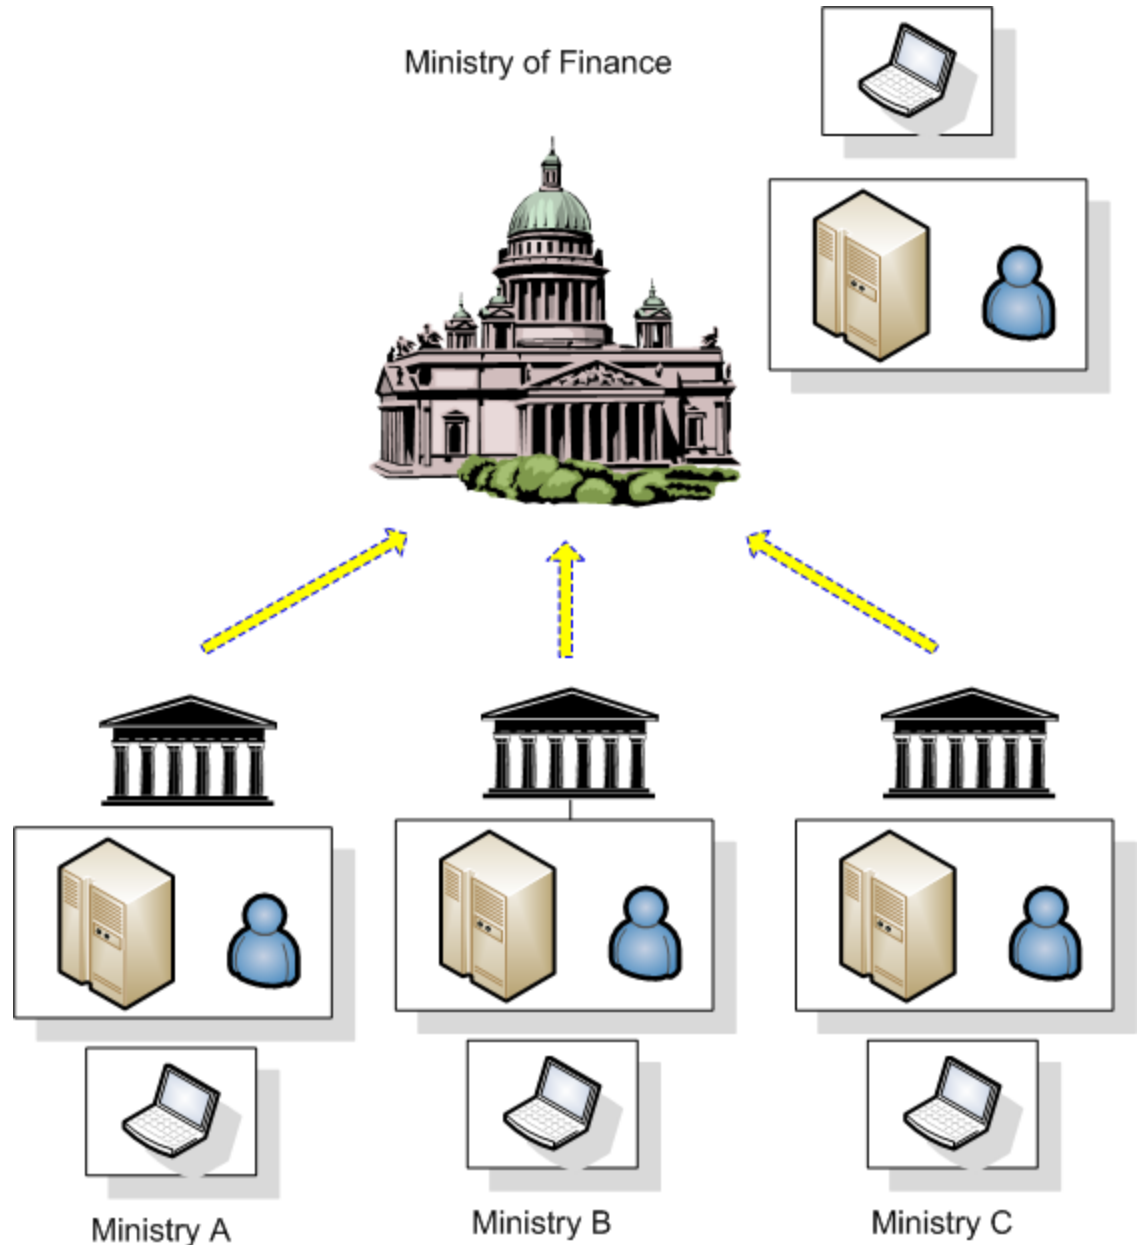

- Centralised IT (hardware, applications and IT staff)
- IT is Expensive

- Slow to respond
- High level of standardisation and control

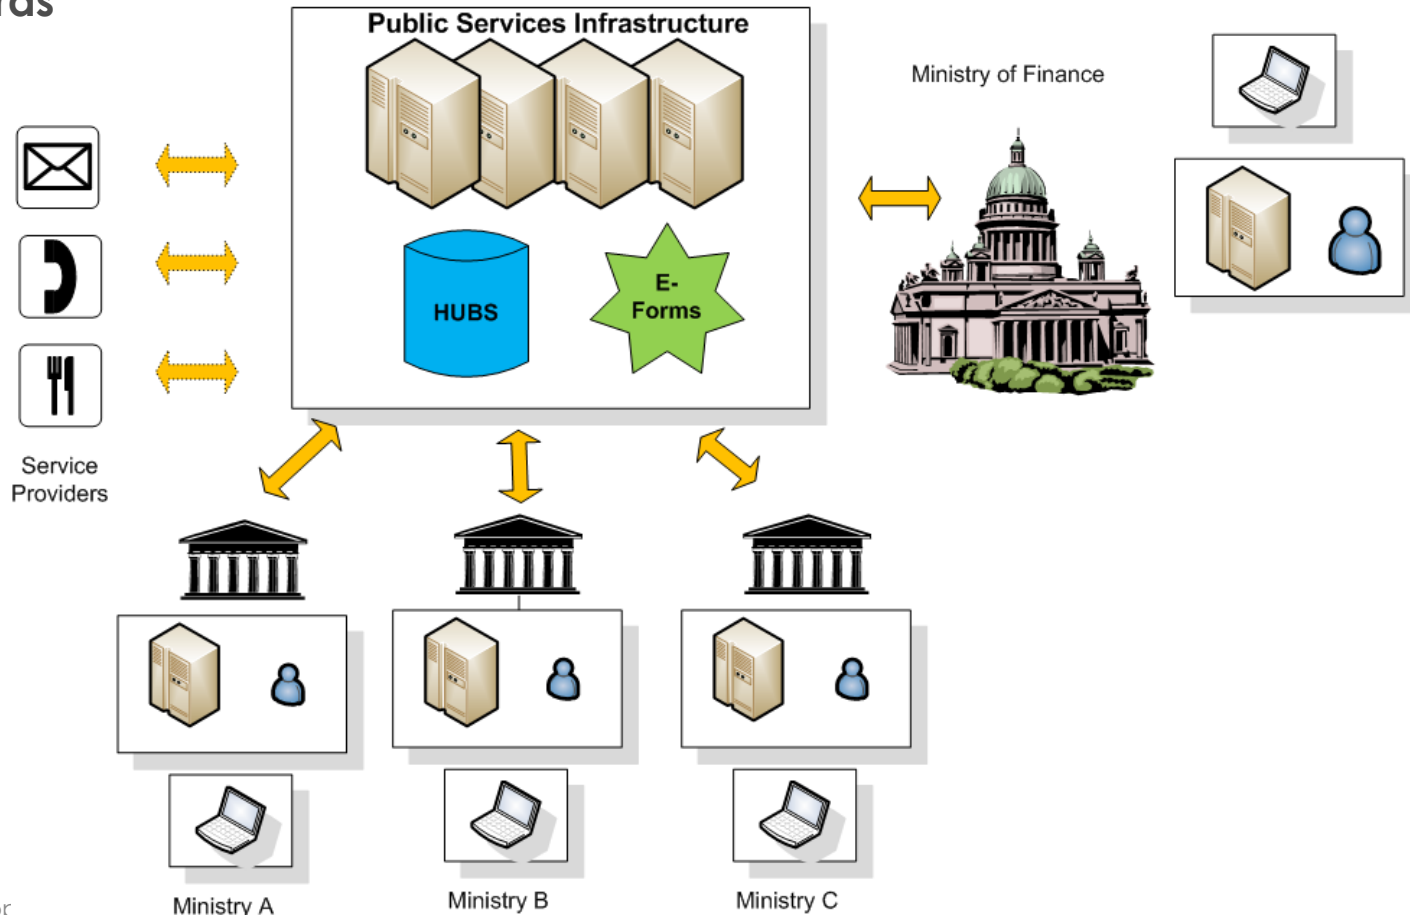

Early 90's

- Decentralised IT Management
- Cost of Hardware comes down
- Respond faster to customer needs
- High level of duplication
- Little sharing
- Increasing sophistication of technology

The New Millennium

- Lower cost of start up
- Ready and robust platform (10,000 e-Services)
- Using Infrastructure to define standards
- Higher security and availability/ sharing of government data
- Centre of Excellence for ICT
- Innovation and Enterprise

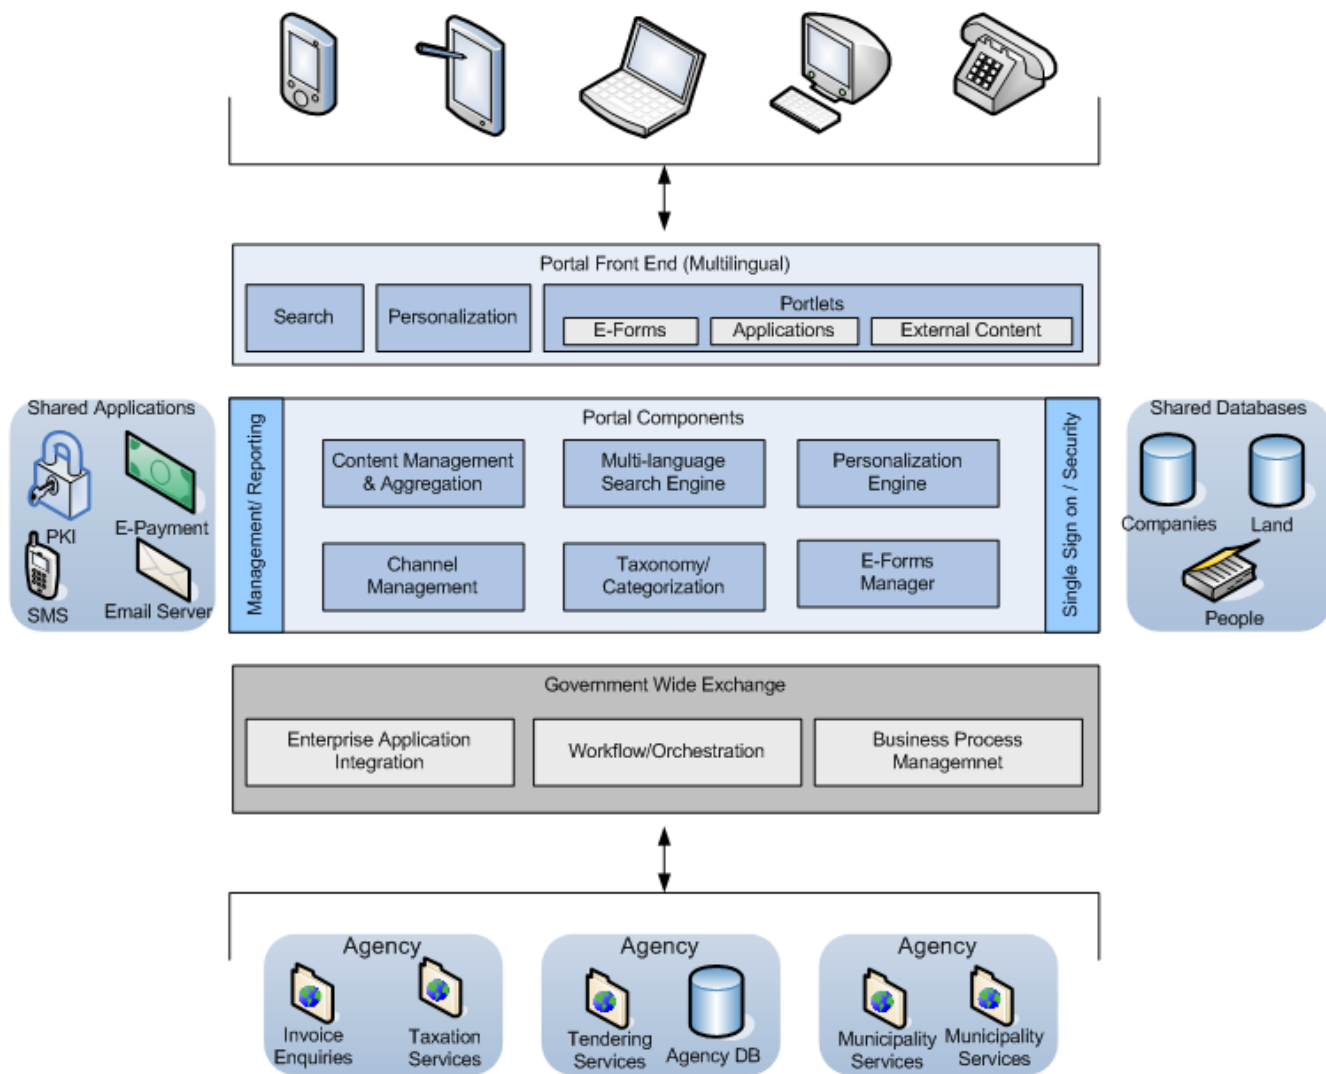

Key Components

- Government Network
- Common Data Centre
- **Application Infrastructure**
- Common Desktop Services

Public Services Infrastructure

Public Services Infrastructure

The screenshot shows a user interface for 'UPDATE MY PROFILE'. The user is identified as 'Hi, NG BENG LIM' with a last visit on 22/01/2009. The page includes a navigation menu (HOME, SERVICES, LIVE, WORK, COMMUNITY, GOODIES) and a sidebar with 'SIGN IN', 'LOGOUT', and 'QUICKLINKS'. The main content area contains a 'My Profile' form with fields for Name, Gender, Date of Birth, Occupation, Educational Status, and Monthly Income. A dropdown menu is open over the 'WORK' tab, showing 'MyCareer', 'MyMoney', and 'MyNS'. The right sidebar features promotional banners for 'Special discounts', 'Receive free SMS & Email', 'Start talking about WIN!', and 'Planning for a Holiday?'. Yellow callout bubbles point to various components: 'Single Signon' (login), 'SMS/Mail Gateway' (alerts), 'Personalisation Engine' (update profile), 'Service Delivery Framework' (quicklinks), 'Orchestration' (dropdown menu), 'People Hub' (navigation), 'Multilingual' (alerts), 'E-Forms Engine' (form fields), and 'E-Payment' (holiday banner).

Case Study

- PSi started 10 years ago
- Evolved to SHINE (Service Wide Hosting Environment), hosted by NCS
- Subscription-based billing model
- Evens out peak CPU utilisation

SHINE

Hosting on Demand

- Web Server
- Application Server (ASP, DotNet, Java, Weblogic, Domino)
- PSI eService

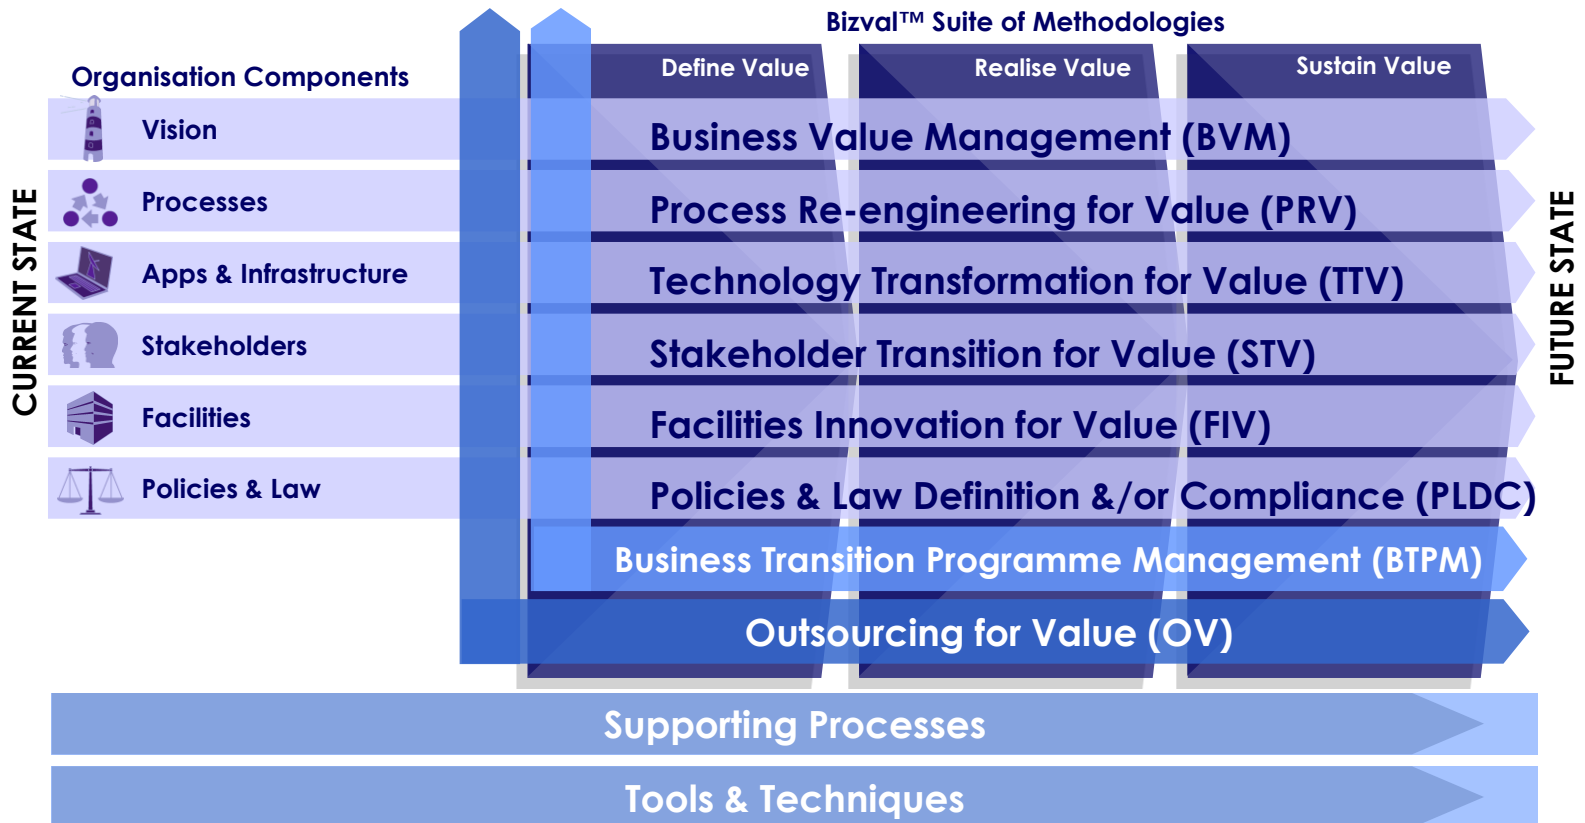

Storage on Demand

- Oracle
- MS SQL
