¹ Normally, the Panel advises the Executive Directors and the President when it receives a Request for Inspection that it cannot process (as it did in the Requests regarding Chile: Bio-Bio River, India: NTPC, Second Request, Cameroon: Pipeline Project, Second Request and Burundi: Public Works and Employment Creation Project). The Inspection Panel received a letter, dated August 27, 1999, also addressed to the President and the Executive Directors of the World Bank, requesting for the second time the "installation of an Inspection Panel" to investigate the Itaparica Resettlement and Irrigation Project in Brazil. Since the Bank's loans for this project were then long closed, the Panel was precluded from processing this Request. Furthermore, as the Request had been already addressed to the President and Executive Directors, no action on the part of the Panel was necessary. However, some regard this extemporaneous request as a formal Request for Inspection that should be added to the Panel's records.
