Notes:

a/ "Fragile Situations" have: either a) a harmonized average CPIA country rating of 3.2 or less, or b) the presence of a UN and/or regional peace-keeping or peace-building mission during the past three years. This list includes only IDA eligible countries. It excludes IBRD only countries for which the CPIA scores are not currently disclosed. *This is an interim list and the World Bank will continue to work on improving and refining our understanding of fragility.* This definition is pursuant to an agreement between the World Bank and other MDBs at the start of the IDA 15 round in 2007 (only the ADB & AfDB use CPIA ratings).

b/ Specifically defined as the presence of a UN and/or regional (e.g. AU, EU, OAS) peace-building and political mission in this country in the last three years. [sources: UN DPKO website, AU website, EC website].

c/ Specifically defined as the presence of a UN and/or regional (e.g. AU, EU, OAS, NATO) peace-keeping operation in this country in the last three years, *with the exclusion of border monitoring operations.* [Sources: UN DPKO website, AU website, EC website, OSCE website].

d/ These acronyms refer to IDA Exceptional Allocations, which are determined independently - PC is post conflict, RE is re-engaging and NCIR is not currently IDA recipient (usually due to arrears status).
