† Source: Martin Ravallion, Shaohua Chen, and Prem Sangrula (2008). "Dollar a Day Revisited", World Bank Policy Research Working Paper # 4620. Poverty lines per capita per month (2005 PPP \$) from that paper were multiplied by (12/365) to convert the poverty lines into per day terms above. See the Data Appendix of "Dollar a Day Revisited" for additional details on sources and estimation.

* Urban poverty lines are used since the PPP 2005 rates were from urban centers for these countries.
