LEVERAGING MIGRATION FOR AFRICA

Remittances, Skills, and Investments
Edited by Edmundo Murrugarra, Jennica Larrison & Marcin Sasin
Summarises some of the most interesting recent studies about international migration and remittances in Sub-Saharan Africa – including their magnitude, causes, and impacts on poverty reduction – by drawing on literature surveys and research based on primary data collected through household surveys, analysis of remittance markets, focus group meetings with diaspora groups, and consultations with embassies and government departments.

MIGRATION AND POVERTY
Towards Better Opportunities for the Poor
Edited by Edmundo Murrugarra, Jennica Larrison & Marcin Sasin
Summarises some of the most interesting recent studies about international migration and remittances in Sub-Saharan Africa – including their magnitude, causes, and impacts on poverty reduction – by drawing on literature surveys and research based on primary data collected through household surveys, analysis of remittance markets, focus group meetings with diaspora groups, and consultations with embassies and government departments.

DIASPORA FOR DEVELOPMENT IN AFRICA
Edited by Sonia Plaza and Diplo Ratha
The diaspora of developing countries can be a potent force for development through remittances, but also through the promotion of trade, investment, and knowledge transfers. This book aims to consolidate research and evidence on these issues with a view to formulating policies in both sending and receiving countries.

THE MARKET FOR REMITTANCE SERVICES IN THE CZECH REPUBLIC
Outcomes of a Survey among Migrants
By Marco Nicol & Carlo Corazza
Presents the outcomes of a survey conducted by the World Bank Payment System Development Group. 880 migrants from eight different nationalities were interviewed during the summer 2009 in Prague.

MIGRANT REMITTANCE FLOWS
Findings from a Global Survey of Central Banks
By Jacqueline Irving, Sanekt Mochapatra & Diplo Ratha
Drawing on findings from a worldwide survey of central banks, conducted in 2008-09, this paper aims to better understand how central banks and other national institutions regulate and collect data and other information on cross-border remittances.
World Bank Working Papers
March 2010. 84 pages. 978-0-8213-8360-5. US$39.95

UGANDA’S REMITTANCE CORRIDORS FROM UNITED KINGDOM, UNITED STATES, AND SOUTH AFRICA
Challenges to Linking Remittances to the Use of Formal Services
By Isaku Endo, Jane Namaaji & Anoma Kulathunga
Uniquely presents a comparative analysis of three remittance corridors to Uganda from the United Kingdom, the United States, and South Africa.
World Bank Working Papers
November 2010. 90 pages. 978-0-8213-8430-5. US$20.00

THE U.S.-HONDURAS REMITTANCE CORRIDOR
Acting on Opportunities to Increase Financial Inclusion and Foster Development of a Transnational Economy
By Isaku Endo, Sarah Hirsch, Jan Rogge & Kamil Borowik
Describes the remittance regulatory and market environment, financial inclusion strategies by financial institutions, transnational economic activities, and the impacts of remittances on the Honduran economy.
World Bank Working Papers

GLOBAL ECONOMIC PROSPECTS 2006
Economic Implications of Remittances and Migration
Explores the official data showing that development countries’ remittance receipts totalled $160 billion in 2004, more than twice the size of official aid.
2005. 18 pages. 978-0-8213-6344-7. US$38.00

REMITTANCES AND DEVELOPMENT
Lessons from Latin America
Edited by Pablo Fajnzylber & J. Humberto Lopez
Explores the large heterogeneity in migration and remittances patterns, development impact, and policy implications across Latin America and the Caribbean, ranked at the top of remittance-receiving regions. Its analysis helps policy makers trying to respond to increasing remittances flows.
Latin American Development Forum
Migration Remittances 2011

The International Migration of Women
Edited by Maurice Schiff, Andrew R. Morrison & Mirja Stöbli
Provides eight new studies focusing on the nexus between gender, international migration, and economic development.
Trade and Development Series
Hardback. 978-0-8213-7257-9. US$80.00

International Migrations, Economic Development & Policy
Edited by Maurice Schiff & Çaglar Özden
Provides new thinking on the nexus between migration and different development indicators, such as education and fertility, as well as analyses on the impact of host country policies on migration flows.
Trade and Development Series
2007. 320 pages
Hardback. 978-0-8213-7028-5. US$90.00

International Migration, Remittances, and the Brain Drain
Edited by Maurice Schiff & Çaglar Özden
Using original research, this book examines the determinants of migration, the impact of remittances and migration on poverty, welfare, and investment decisions, and the consequences of brain drain, brain gain, and brain waste.
Trade and Development Series
2005. 288 pages
978-0-8213-6372-0. Paperback. US$35.00
978-0-8213-6373-7. Hardback. US$80.00

Migrant Labor Remittances in South Asia
By Samuel Munzele Maimbo, Richard Adams, Nikos Passas & Reena Aggarwal
Identifies and discusses the key issues affecting the remittance industry in South Asia. It examines the development and implementation of policies, processes, and infrastructure to foster a development-oriented transfer of financial resources between migrants in developed economies and their families in the region.
Directions in Development Series

Migration and Remittances
Edited by Ali Mansoor & Bryce Quillin
Migration in Eastern Europe and the Former Soviet Union is relatively large by international standards, and has strong positive as well as negative effects on both sending and receiving countries. This report provides and analysis of the trends and underlying policy options.

Remittances
Development Impact and Future Prospects
Edited by Samuel Munzele Maimbo & Dilip Ratha
At US$90 billion globally, remittances represent the largest financial flow to developing countries after foreign direct investment (FDI). What can be done to maximise their development impact on poverty?

Alternative Remittance Systems and Terrorism Financing
Issues in Risk Management
By Matteo Vaccani
Explores alternative remittance systems and how countries are bringing them into their counter terror financing regime without hindering the poor’s ability to effectively send and receive funds at low cost.
World Bank Working Papers

The Canada–Caribbean Remittance Corridor
Fostering Formal Remittances to Haiti and Jamaica through Effective Regulation
By Emilko Todorki, Matteo Vaccani & Wameek Noor
This study is intended to assist Canadian and Caribbean national authorities in their mandate of providing incentives for the continued growth and competitiveness of their remittance industries, while protecting them from being abused by criminals.
World Bank Working Papers

The Canada–Vietnam Remittance Corridor
Lessons on Shifting from Informal to Formal Transfer Systems
By Raul Hernandez-Coss
By examining the Canada-Vietnam remittance corridor, this book draws lessons for other remittance sending and receiving countries that seek to encourage formalisation of the flows.
World Bank Working Papers

The Germany-Serbia Remittance Corridor
Challenges of Establishing a Formal Money Transfer System
By Jose De Luna-Martinez, Isaku Endo & Corrado Barbaris
Provides an overview of remittance flows from Germany to Serbia and analyses why a large part of remittance transfers take place outside financial institutions. It presents a series of recommendations to facilitate the transfer of remittance flows from the informal channels to licensed or registered financial institutions.
World Bank Working Papers
2006. 60 pages. 978-0-8213-6658-5. US$15.00

The Malaysia–Indonesia Remittance Corridor
Making Formal Transfers the Best Option for Women and Undocumented Migrants
By Raul Hernandez-Coss et al
Provides a descriptive overview of the Malaysia–Indonesia remittance corridor and suggests policy avenues for improving access to formal remittance transfer channels, increasing the transparency of the flows and the cost structure, and facilitating remittance transfers.
World Bank Working Papers

South–South Migration and Remittances
By Dilip Ratha & William Shaw
Reports on preliminary results from an ongoing effort to improve data on bilateral migration stocks. It sets out some working hypotheses on the determinants and socioeconomic implications of South-South migration.
World Bank Working Papers
2007. 64 pages. 978-0-8213-7072-8. US$15.00

The UK–Nigeria Remittance Corridor
Challenges of Embracing Formal Transfer Systems in a Dual Financial Environment
By Raul Hernandez-Coss & Chinyere Enwagwu Bun
Provides an overview of remittance flows from the United Kingdom to Nigeria and presents a series of specific recommendations to facilitate the transfer of remittance flows.
World Bank Working Papers
2007. 98 pages. 978-0-8213-7023-0. US$8.00

The U.S.-Guatemala Remittance Corridor
By Raul Hernandez-Coss, Heila Cheikhrouhou, Radwa El-Saway & Rodrigo Jaque
Gives an overview of the interme- diation of worker remittance flows from the United States to Guatemala. In contrast to other remittance corridors in the world, most transfers in this corridor are channelled in the United States through the formal sector, and distributed in Guatemala through the banking system.
World Bank Working Papers
2006. 86 pages. 978-0-8213-6782-7. US$15.00

The U.S.-Mexico Remittance Corridor
Lessons on Shifting from Informal to Formal Transfer Systems
By Raul Hernandez-Coss
By analysing the objectives, obstacles, incentives, and changes occurring at various stages in the U.S.-Mexico corridor, this book presents lessons for other remittance corridors seeking to achieve a comprehensive shift from informal to formal systems.
World Bank Working Papers

South–South Remittances
By Jose De Luna-Martinez, Isaku Endo & Corrado Barbaris
Provides an overview of remittance flows from Germany to Serbia and analyses why a large part of remittance transfers take place outside financial institutions. It presents a series of recommendations to facilitate the transfer of remittance flows from the informal channels to licensed or registered financial institutions.
World Bank Working Papers
2006. 60 pages. 978-0-8213-6658-5. US$15.00
