CHARACTERIZING THE HIV/AIDS EPIDEMIC IN THE MIDDLE EAST AND NORTH AFRICA

Time for Strategic Action

Franziska Ayodeji Akai et al

HIV transmission in MENA is rather limited though it is present in all MENA countries. Rapidly growing epidemics have been observed in recent years among some of the priority populations. Levels of risk behaviour practices among priority populations are high suggesting considerable HIV epidemic potential.

MAKING THE MOST OF SCARCITY

Accountability for Better Water Management in the Middle East and North Africa

While water professionals have been advocating water reforms, some of politically sensitive elements of reform remain untouched. This report suggests that a series of factors represent an opportunity to break this impasse and turning the potential into reality depends upon adopting reforms that respond to the dynamics of the political economy.

This report provides the most comprehensive and rigorous analysis of Iraqi poverty and living standards in several decades.

Jan 2011 | 112 pages 978-0-8213-8562-3
Paperback $20.00

TRADE COMPETITIVENESS OF THE MIDDLE EAST AND NORTH AFRICA

Policies for Export Diversification

Edited by José R. López-Calía, Peter Walkerhorst & Nâliâme Diop

The traditional policy reform agenda concentrated on reduction of tariff and non-tariff barriers between countries in the region and toward international markets is necessary, but not sufficient reason, for success. New opportunities, notably on trade and transport, and the services market deserve a higher profile on the policy agenda.
