

Building Equality and Opportunity Through Social Guarantees

NEW APPROACHES TO PUBLIC POLICY AND THE REALIZATION OF RIGHTS

Edited by Estanislao Gacitúa-Marió, Andrew Norton, and Sophia Georgieva

Building Equality and Opportunity through Social Guarantees examines the validity of a social guarantees framework as a means for evaluating, monitoring and improving the design of social policy, looking at eight countries in the Latin America and Caribbean Region as well as South Africa. The social guarantee concept gives operational expression to fundamental human rights principles by providing mechanisms for awareness, participation, equity and redress in the delivery of social policy.
