

## DEVELOPMENT REDEFINED

### HOW THE MARKET MET ITS MATCH

by Robin Broad and John Cavanagh

“Development Redefined offers an invaluable rethinking of development theory and practice by two of the world’s most respected scholars/citizens. Their experience, insight, knowledge, activist commitment, and engaging style make this book indispensable reading for anyone concerned with global economic justice and making the world a better place.”

—Richard Falk, professor at Princeton University and the University of California—Santa Barbara
