

Origins, Journeys and Returns

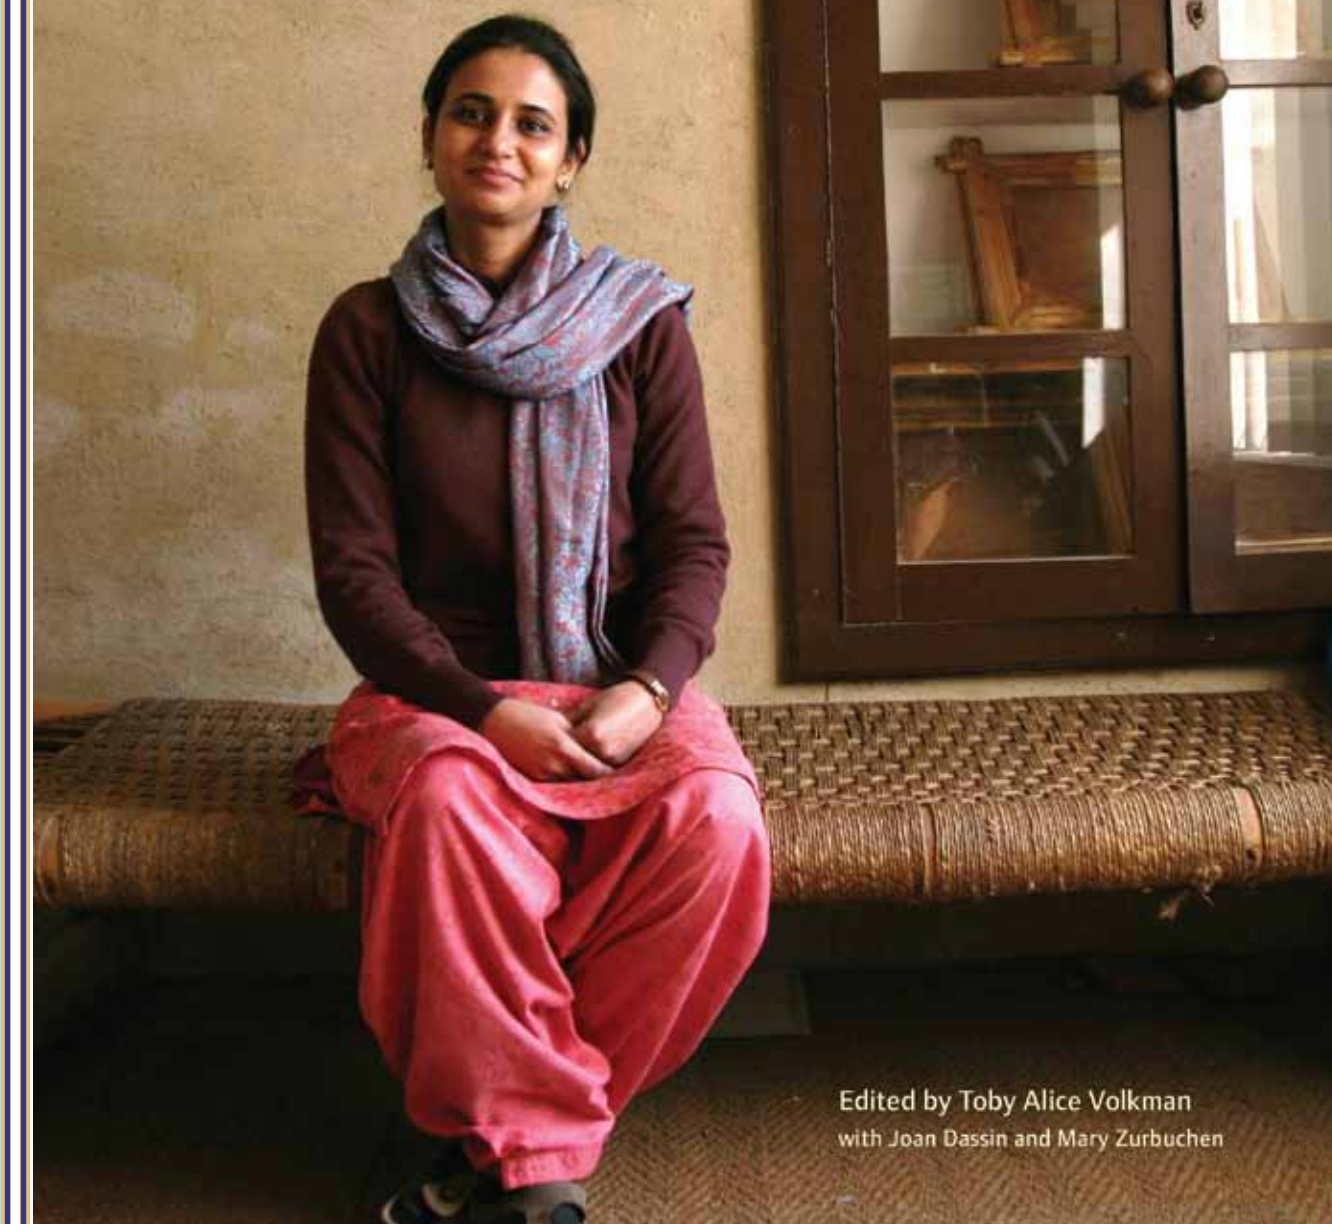

Social Justice in International Higher Education

Edited by Toby Alice Volkman
with Joan Dassin and Mary Zurbuchen

Origins, Journeys and Returns: Social Justice in International Higher Education follows the Ford Foundation International Fellowships Program (IFP) from an idea to its execution and impact today. By supporting advanced study for leaders from marginalized and excluded communities in some of the world's poorest countries, IFP demonstrates that higher education can contribute directly to development and social justice.
