

PORTFOLIOS OF THE POOR HOW THE WORLD'S POOR LIVE ON \$2 A DAY

By Daryl Collins, Jonathan Morduch, Stuart Rutherford & Orlanda Ruthven

About forty percent of the world's people live on incomes of \$2 a day or less. If you've never had to survive on an income so small, it is hard to imagine. How would you put food on the table, afford a home, and educate your children? How would you handle emergencies and old age? Every day, more than a billion people around the world must answer these questions. This book is the first to systematically explain how the poor find solutions—the authors report on the yearlong "financial diaries" of villagers and slum dwellers in Bangladesh, India, and South Africa.
