The Future of Trust Funds in the World Bank Group

The World Bank Group's trust fund portfolio continues to grow, reflecting the increasing importance of trust funds as a vehicle for channeling concessional development finance. Recognizing this growing trend and the complexity of its portfolio, the World Bank has started to reform the way it manages trust funds. This panel will present highlights of the 2010 Trust Fund Annual Report, and discuss the financial aspects, including risks, of managing this sizeable portfolio, and key aspects of the ongoing trust fund management reform implementation.
