

Diagrammatic Summary of the Work Plan for the ASEAN-ABD Sub-project: Strengthening the ASEAN SECRETARIAT'S Capacity for Regional Coordination in the Control and Eradication of HPAI in ASEAN (Project Components 1 and 2)

*** Organizational Objectives-**

- 1) For ASEC to effectively assist and support (technically) designated Member Countries organize, coordinate, facilitate, and monitor the implementation of HPAI prevention and control-related initiatives, and in the building of capacities associated with the 8 strategic areas of cooperation identified by the ASEAN HPAI Taskforce and described in the "Regional Framework for the Control and Eradication of HPAI in ASEAN", with participation from WHO, FAO, OIE and various partners and collaborators.
- 2) In addition, for ASEC to promote collaborative arrangements and experience/expertise-sharing among member countries and partners.

**** Critical Objectives-**

- To control or eradicate HPAI outbreaks in poultry at source such that: 1) negative economic, trade and social consequences are minimized. And
2) the development of a human influenza pandemic, originating from the poultry outbreaks, is prevented.
