Section 8.7: Household Income from Non-Employment Sources

In this section we are going to talk about any money or any form of assistance that members of the household may have received from sources **which do not involve employment of some kind**. There are many ways in which the household can receive money without being employed. For example, pension payments, charity, unemployment insurance fund, government disability grants, and other forms like that.

Interviewer :

First: Introduce this section by saying :

"I will read a list of the different ways in which people can receive money or assistance, and I'd like you to indicate whether any member of the household did, in fact, receive such assistance or not."

Then : Ask Question 1 for each item on the list.

If no to all the items, Go to Section 9

Next : For each of the items marked with a YES to Question 1 : Ask Questions 2, 3 and 4.

- Note:**
- Do not include any money received from family or friends in this section..
 - If a member of the household has received money or assistance from a particular source, please make sure that you go on to ask for the estimated amount value of that money or assistance.
