This Generic Master Procurement Document has been prepared through the joint efforts of the Multilateral Development Banks (MDBs) and International Financial Institutions (IFIs), namely: the Asian Development Bank (ADB), African Development Bank (AfDB); Black Sea Trade and Development Bank (BSTDB), Caribbean Development Bank (CDB), Commission of the European Communities (CEC), European Bank for Reconstruction and Development (EBRD), European Investment Bank (EIB), Inter-American Development Bank (IDB), International Bank for Reconstruction and Development (IBRD), Nordic Development Fund (NDF), North American Development Bank (NADB), and the United Nations Development Programme (UNDP). The Generic Master Procurement Document is intended to be used as a model by these organizations for issuing and maintaining better harmonized Master Procurement Documents for each of the major types of procurement, based on which the Banks develop their individual Standard Procurement Documents. The document is intended to be followed, insofar as possible, while allowing for procurement type specific, institutional and member country considerations. The text shown in Italics corresponds to institution specific clauses that each MDB and IFI will replace with the provisions applicable to each procurement type and consistent with its respective policy. Each MDB and IFI will draft its own User’s Guide for each of the procurement type specific Standard Procurement Documents.

Foreword

This Generic Master Procurement Document has been prepared by the Multilateral Development Banks and International Financing Institutions to be used as a model by these institutions for issuing and maintaining better harmonized Master Procurement Documents for each of the major types of procurement financed by the Banks (e.g., Works, Goods, Small Works, Plant Design, Supply and Installation, etc.), on which basis each Bank develops its individual Standard Procurement Documents for the use of its Borrowers.

The document is intended to be followed, insofar as possible, while allowing for procurement type, institutional and member country considerations.
Summary Description

The Generic Master Procurement Document comprises matrices of generic clauses organized by sections that correspond to the structure developed by the Banks for Master Procurement Documents. The generic clauses, as indicated by the check marks in each matrix, apply to all or some of the most common procurement types for which there is a Master Procurement Document. The blank spaces in some of the generic clauses allow for tailoring of the text to the particular type of procurement to which they apply, and the text shown in italics corresponds to institution specific clauses that each MDB/IFI will replace with provisions consistent with its respective policy.

A brief description of the parts, sections, and contents of the Generic Procurement Document is given below.

## A. General

### 1. Scope of Bid

1.1 The [...] indicated in Section II, Bid Data Sheet (BDS) issues this Bidding Document for the procurement of Goods and related services or Works or Plant and Installation Services, as specified in Section VI, Requirements. The name, identification, and number of lots are provided in the BDS.

1.2 Unless otherwise stated, throughout this Bidding Document definitions and interpretations shall be as prescribed in Section VII, General Conditions.

### 2. Source of Funds

2.1 The Borrower or Recipient (hereinafter called “Borrower”) indicated in the BDS has applied for or received financing (hereinafter called “funds”) from the [...] toward the cost of the project named in the BDS. The Borrower intends to apply a portion of the funds to eligible payments under the contract(s) for which this Bidding Document is issued.

2.2 Payments by the Bank will be made only at the request of the Borrower and upon approval by the Bank in accordance with the terms and conditions of the financing agreement between the Borrower and the Bank (hereinafter called the Loan Agreement), and will be subject in all respects to the terms and conditions of that Loan Agreement. No party other than the Borrower shall derive any rights from the Loan Agreement or have any claim to the funds.

### 3. Fraud and Corruption

3.1 The Bank requires that Borrowers (including beneficiaries of Bank loans), as well as Bidders, Suppliers, Contractors, and Consultants under Bank-financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts. In pursuit of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

(i) “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of a public official in the procurement process or in contract execution;

(ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract;

(iii) “collusive practice” means a scheme or arrangement between two or more bidders, with or without the knowledge of the Borrower, designed to establish bid prices at artificial, noncompetitive levels; and

(iv) “coercive practice” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the procurement
Section I. Instructions to Bidders

3.1. Process or affect the execution of a contract;

- Reject a proposal for award if it determines that the Bidder recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the Contract;

- Will cancel the portion of the loan allocated to a contract if it determines at any time that representatives of the Borrower or of a beneficiary of the loan engaged in corrupt, fraudulent, collusive or coercive practices during the procurement or the execution of that contract, without the Borrower having taken timely and appropriate action satisfactory to the Bank to remedy the situation;

- Will sanction a firm or individual, including declaring them ineligible, either indefinitely or for a stated period of time, to be awarded a Bank-financed contract if it at any time determines that they have, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a Bank-financed contract; and

- Have the right to require that a provision be included in Bidding Documents and in contracts financed by a Bank Loan, requiring bidders, suppliers, contractors and consultants to permit the Bank to inspect their accounts and records and other documents relating to the Bid submission and contract performance and to have them audited by auditors appointed by the Bank.

3.2. Furthermore, Bidders shall be aware of the provision stated in Section VII, General Conditions of Contract.

4. Eligible Bidders

4.1. A Bidder may be a natural person, private entity, government-owned entity—subject to ITB 4.5—or any combination of such entities supported by a letter of intent to enter into an agreement or under an existing agreement in the form of a joint venture, consortium, or association (JVCA). In the case of a joint venture, consortium, or association:

- Unless otherwise specified in the BDS, all partners shall be jointly and severally liable, and

- The JVCA shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the partners of the JVCA during the bidding process and, in the event the JVCA is awarded the Contract, during contract execution.

4.2. A Bidder, and all parties constituting the Bidder, shall have the nationality of an eligible country, in accordance with Section V, Eligible Countries. A Bidder shall be deemed to have the nationality of a country if the Bidder is a citizen or is constituted, incorporated, or registered and operates in conformity with the provisions of the laws of that country. This criterion shall also apply to the determination of the nationality of proposed subcontractors or suppliers for any part of the Contract including Related Services.

4.3. A Bidder shall not have a conflict of interest. All Bidders found to have a conflict of interest shall be disqualified. A Bidder may be considered to have a conflict of

(f) a Bidder participated as a consultant in the preparation of Section VI, Requirements that are the subject of the bid.

(g) a Bidder or any of its affiliates has been hired, or is proposed to be hired, by the […]Employer or Purchaser] or the Borrower for the supervision of the contract.

4.6 Bidders shall provide such evidence of their continued eligibility satisfactory to the […]Employer or Purchaser], as the […]Employer or Purchaser] shall reasonably request.

4.7¹ Firms shall be excluded if:

(a) as a matter of law or official regulation, the Borrower’s country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the supply of goods or related services required; or

(b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower’s country prohibits any import of goods or contracting of works or services from that country or any payments to persons or entities in that country.

4.8² In case a prequalification process has been conducted prior to the bidding process, this bidding is open only to prequalified Bidders.

E. Examination of Bids

2612 Confidentiality

26.1 Information relating to the evaluation of bids shall not be disclosed to Bidders or any other persons not officially concerned with such process until information on Contract award is communicated to all Bidders.

26.2 Any attempt by a Bidder to influence improperly the […]Employer or Purchaser] in the evaluation of the bids or Contract award decisions may result in the rejection of its bid.

26.3 Notwithstanding ITB 26.1, from the time of bid opening to the time of Contract award, if any Bidder wishes to contact the […]Employer or Purchaser] on any matter related to the bidding process, it should do so in writing.

27.2 If a Bidder does not provide clarifications of its bid by the date and time set in the […]Employer or Purchaser]’s request for clarification, its bid may be rejected.

### 28. Determination of Responsiveness

28.1 The […]Employer or Purchaser]’s determination of a bid’s responsiveness is to be based on the contents of the bid itself, as defined in ITB 11.

28.2 A substantially responsive bid is one that meets the requirements of the Bidding Document without material deviation, reservation, or omission.

(a) “Deviation” is a departure from the requirements specified in the Bidding Document;

(b) “Reservation” is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the Bidding Document; and

(c) “Omission” is the failure to submit part or all of the information or documentation required in the Bidding Document.

28.3 A material deviation, reservation, or omission is one that,

28.5 If a bid is not substantially responsive to the requirements of the Bidding Document, it shall be rejected by the […]Employer or Purchaser] and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.

28.6 Provided that a bid is substantially responsive, the […]Employer or Purchaser] may waive any quantifiable nonconformities in the bid that do not constitute a material deviation, reservation or omission.

28.7 Provided that a bid is substantially responsive, the […]Employer or Purchaser]

Requesting information or documentation on such nonconformities shall not be related to any aspect of the price of the bid. Failure of the Bidder to comply with the request may result in the rejection of its bid

Provided that a bid is substantially responsive, the [...] Employer or Purchaser] shall rectify quantifiable nonmaterial nonconformities related to the Bid Price. To this effect, the Bid Price shall be adjusted, for comparison purposes only, to reflect the price of the non-conforming item or component. The adjustment shall be made using the methodology indicated in Section III, Evaluation and Qualification Criteria.

F. Bid Evaluation and Comparison

29.15 Correction of Arithmetical Errors

Provided that the bid is substantially responsive, the [...] Employer or Purchaser] shall correct arithmetical errors as indicated in Section III. Evaluation and Qualification Criteria.

29.2 If a Bidder does not accept the correction of errors, its bid shall be declared non-responsive and its Bid Security shall be forfeited or the Bid Securing Declaration executed.

*Purchaser* may require the Bidder to produce detailed price analyses for any or all items of the *Bill of Quantities*, to demonstrate the internal consistency of those prices with the methods and schedule proposed. After evaluation of the price analyses, taking into consideration the schedule of estimated Contract payments, the […*Employer or Purchaser* may require that the amount of the performance security be increased at the expense of the Bidder to a level sufficient to protect the […*Employer or Purchaser* against financial loss in the event of default of the successful Bidder under the Contract.

### 32.1 Qualification of the Bidder

32.1 The […*Employer or Purchaser*[… shall determine to its satisfaction whether the Bidder that is selected as having submitted the lowest evaluated and substantially responsive bid meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.

32.2 The determination shall be based upon an examination of the documentary evidence of the Bidder’s qualifications submitted by the Bidder, pursuant to ITB 16.

32.3 An affirmative determination shall be a prerequisite for award of the Contract to the Bidder. A negative determination shall result in disqualification of the bid, in which event the […*Employer or Purchaser*[… shall proceed to the next lowest evaluated bid to make a similar determination of that Bidder’s qualifications to perform satisfactorily.

32.4 The capabilities of the manufacturers and subcontractors proposed in its Bid to be used by the lowest evaluated Bidder for identified major items of the Requirements will also be evaluated for acceptability in accordance with the criteria and methodologies defined in Section III, Evaluation and Qualification Criteria. Their participation should be confirmed with a letter of intent between the parties, as needed. Should a manufacturer or subcontractor be determined to be unacceptable, the Bid will not be rejected, but the Bidder will be required to substitute an acceptable manufacturer or subcontractor without any change to the bid price.

### 33.20 […*Employer or Purchaser*’s Right to Accept Any Bid, and to Reject Any or All Bids

33.20 The […*Employer or Purchaser*] reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to contract award, without thereby incurring any liability to Bidders. #### Award Criteria

34.21 The [...]Employer or Purchaser [...]shall award the Contract to the Bidder whose offer has been determined to be the lowest evaluated bid and is substantially responsive to the Bidding Document, provided further that the Bidder is determined to be qualified to perform the Contract satisfactorily.

34.2 At the time the Contract is awarded, the Purchaser reserves the right to increase or decrease the quantity of Goods and Services originally specified in Section VI, Requirements, provided this does not exceed the percentages specified in the BDS, and without any change in the unit prices or other terms and conditions of the bid and the Bidding Document.

#### Notification of Award

35.22 Prior to the expiration of the period of bid validity, the [...]Employer or Purchaser [...]shall notify the successful Bidder, in writing, that its bid has been accepted.

35.2 Until a formal contract is prepared and executed, the notification of award shall constitute a binding Contract.

35.3 At the same time, the [...]Employer or Purchaser [...]shall also notify all other Bidders of the results of the bidding, and shall publish in UNDB online and in the Bank’s website the results identifying the bid and lot numbers and the following information: (i) name of each Bidder who submitted a Bid; (ii) bid prices as read out at bid opening; (iii) name and evaluated prices of each Bid that was evaluated; (iv) name of bidders whose bids were rejected and the reasons for their rejection; and (v) name of the winning Bidder, and the price it offered, as well as the duration and summary scope of the contract awarded. The [...]Employer or Purchaser [...]shall promptly respond in writing to any unsuccessful Bidder who, after Publication of contract award, requests a debriefing.

#### Signing of Contract

36.23 Promptly upon notification, the [...]Employer or Purchaser [...]shall send the successful Bidder the Contract Agreement.

Performance Security pursuant to ITB 37, the [...Employer or Purchaser] will discharge its Bid Security, pursuant to ITB 19.

Notwithstanding ITB 36.2 above, in case signing of the Contract Agreement is prevented by any export restrictions attributable to the [...Employer or Purchaser], to the country of the [...Employer or Purchaser], or to the use of the products/goods, systems or services to be supplied, where such export restrictions arise from trade regulations from a country supplying those products/goods, systems or services, the Bidder shall not be bound by its bid, always provided, however, that the Bidder can demonstrate to the satisfaction of the [...Employer or Purchaser] and of the Bank that signing of the Contract Agreement has not been prevented by any lack of diligence on the part of the Bidder in completing any formalities, including applying for permits, authorizations and licenses necessary for the export of the products/goods, systems or services under the terms of the Contract Agreement.

A foreign institution providing a bond shall have a correspondent financial institution located in the [...Employer or Purchaser]'s Country.

Failure of the successful Bidder to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, or execution of the Bid Security Declaration. In that event the [...Employer or Purchaser] may award the Contract to the next lowest evaluated Bidder whose offer is substantially responsive and is determined by the [...Employer or Purchaser] to be qualified to perform the Contract satisfactorily.

Price Adjustment

Where the Contract Period (excluding the Defects Liability Period) exceeds eighteen (18) months, it is normal procedure that prices payable to the Contractor shall be subject to adjustment during the performance of the Contract to reflect changes occurring in the cost of labor and material components. In such cases the bidding documents shall include in this form a formula of the following general type, pursuant to PC Sub-Clause 3.1.1.

Where Contracts are of a shorter duration than eighteen (18) months or in cases where there is to be no Price Adjustment, the following provision shall not be included. Instead, it shall be indicated under this form that the prices are to remain firm and fixed for the duration of the Contract.

**Sample Price Adjustment Formula**

Prices payable to the Contractor, in accordance with the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labor and material components, in accordance with the following formula:

\[ P_1 = \text{adjustment amount payable to the Contractor} \]

\[ P_0 = \text{Contract price (base price)} \]

\[ a = \text{percentage of fixed element in Contract price} \]

\[ b = \text{percentage of labor component in Contract price} \]
Section IV. Bidding Forms

\[
c = \text{percentage of material and equipment component in Contract price } (c = \%)

\[
L_0, L_1 = \text{labor indices applicable to the appropriate industry in the country of origin on the base date and the date for adjustment, respectively}
\]

\[
M_0, M_1 = \text{material and equipment indices in the country of origin on the base date and the date for adjustment, respectively}
\]

N.B. \( a+b+c = 100\% \).

**Conditions Applicable To Price Adjustment**

The Bidder shall indicate the source of labor and materials indices and the base date indices in its bid.

<table>
<thead>
<tr>
<th>Item</th>
<th>Source of Indices Used</th>
<th>Base Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Indices</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The base date shall be the date thirty (30) days prior to the Bid closing date.

The date of adjustment shall be the mid-point of the period of manufacture or installation of component or Plant.

The following conditions shall apply:

(a) No price increase will be allowed beyond the original delivery date unless covered by an extension of time awarded by the Employer under the terms of the Contract. No price increase will be allowed for periods of delay for which the Contractor is responsible. The Employer will, however, be entitled to any price decrease occurring during such periods of delay.

(b) If the currency in which the Contract price, \( P_0 \), is expressed is different from the currency of the country of origin of the labor and/or materials indices, a correction factor will be applied to avoid incorrect adjustments of the Contract price. The correction factor shall correspond to the ratio of exchange rates between the two currencies on the base date and the date for adjustment as defined above.

(c) No price adjustment shall be payable on the portion of the Contract price paid to the Contractor as an advance payment.

*Note:* For complex Plant supply and installation involving several sources of supply and/or a substantial amount of installation works, a family of formulas may be necessary, with provision for the usage of Contractor’s equipment in the works formula.
