

Annex Two: Checklists for Mainstreaming Gender in Transport Policies and Programs

Implementation and Supervision Check List

Monitor project implementation to ensure that gender components are implemented effectively.

- Does the project operational manual include actions to address the gender aspects of the project?
- Does the project team have the skills needed for gender advocacy and supervision of gender issues?
- Will gender specialists be involved early and throughout the life of the project?
- Does the project have local support for inclusion of women?
- Are project resources available to both women and men?
- Do women as well as men have opportunities for paid as well as volunteer work?
- What mechanisms are in place to monitor gender inclusion and make changes when needed?
- Is commitment to gender inclusion a criterion for awarding grants and contracts?
- What mechanisms are in place to monitor the implementation of gender strategies?
- Does the project team collect gender-disaggregated data?

If any of these elements are missing take the necessary action to put them in place.
