The Full Main Menu

6. The first step we advise you to take is to send your reference requests through the Reference Request Form.
7. Remember that an application is only complete once BOTH the Application Form has been submitted by you and the required references have been submitted by your referees.

III. Navigating the Reference Request Form

We recommend filling out the Reference Request Form as soon as possible in order to give your referees ample time to submit their references before the application deadline. The email addresses of your referees are required to complete this Form. There are two ways to complete this Form:

- A. First confirm that the person is willing to provide a reference for you, and then complete and submit the Form.
- B. Draft and save the Reference Request Form, confirm that the person is willing to provide a reference to you, and then submit the Form.

To get started, from the Main Menu, click on [‘Add or Edit Reference Request Form \(mandatory\)’](#). You will be directed to the Reference Request Form (see screenshot below):

Send the reference request when I press Save (below)

III. A. The following instructions are for applicants who are ready to submit a reference request:

- Enter the name and email of your first referee – it can be any of required referees, but you must indicate the relevant ‘Relationship’ for your referee (host institution research advisor or PhD thesis supervisor). The email of your referee should be entered by itself, and without any other characters such as inverted commas, commas, semicolons etc. Do not enter more than one email, or any additional words, or the email address may not be recognized.
- The box ‘Send the reference request when I press Save (below)’ should be ticked (see illustration below).

Send the recommendation request when I press Save (below)

- Now you have three options:

Option 1. If you are now ready to enter your second reference request click ‘Save & Add Another’.

Option 2. If you are not ready to enter your second reference, click ‘Save & Exit’.

For both option (1) and (2), a box will pop up (see screenshot below). This will show you the email that we will send to your first referee and will give you the option to add a personal message to our email. If you are ready to have us send the email to your first referee, Click ‘Send’. Your referee will be sent our email. Then for option (1) you will be redirected back to the “Reference Request Form”

page and you can begin the same process for submitting your second referee's name and email; or for option (2) you will be redirected back to the Main Menu.

Option 3. If in the unlikely event you changed your mind and are not ready for us to send the email to your first referee, click 'Cancel' to exit (see screenshot below) and you will be redirected back to the "Reference Request Form" page.

This will send a message to the email address provided asking them to submit a recommendation to a specific web address (URL). Please feel free to add a personal message below.

You have been requested to provide a reference as the **Host University Research Advisor** for (untitled) who is applying for a World Bank Fellowship (Robert S. McNamara Fellowship Program) that finances PhD research for developing country citizens, outside their home countries. The aim is to strengthen the research capacity in developing countries, and as such our fellows are expected to return to their home country upon completion of their research abroad.

You must submit your letter of reference via the online system by 12:00pm Eastern Standard Time (EST), February 2, 2016. We do not accept letters of reference submitted via email, postal mail, or in person. Any applicants with outstanding letters of reference beyond the deadline will be disqualified from further consideration. Reference letters are considered confidential and will not be shared with the applicant.

III. B. The following instructions are for applicants who want to first save on the Reference Request Form the name and email of a referee and then at a later date submit the request for their reference.

To save a reference request on the form, but not yet notify the referee:

- Enter the relationship, name and email of your referee
- Un-tick the box which says 'Send the reference request when I press Save (below)' so that it appears as:

Send the recommendation request when I press Save (below)

- Now you have two options: (1) To save the name and email of the referee you just entered and be ready to enter the information for your second reference request, click 'Save & Add Another'; or (2) if you want only to save the name and email of the referee you just entered, click 'Save & Exit' and you will be redirected to the Main Menu. Either way, as long as the tick box above is not checked, the name and email you just entered will be saved, but your referee will not be sent the email.

- **To send the email to your referee whose contact information you have saved on the Reference Form**

When you return to the Reference Request Form the status bar of your reference request will look like below:

Status: Not contacted. [Send Request](#)

- Click 'Send Request' on the status bar of the Reference Form.
- Then a box will pop up (see screenshot below). This will show you the email that will be sent to your referee and will give you the option to enter a personal message. If you are ready to send the email to your referee, Click 'Send' and you will be redirected back to the Main Menu. If instead you change your mind and are not ready to send the email to your referee, click 'Cancel' to exit and you will be redirected back to the "Reference Request Form" page.

This will send a message to the email address provided asking them to submit a recommendation to a specific web address (URL). Please feel free to add a personal message below.

Please, do not respond to this email.

If you did not receive an email after submitting your Application Form

If you did not receive an email when you submitted your Application Form this means either that you did not submit it, that you entered an incorrect email when you first registered for the online application, or that the email went to your Junk Mail. As this email is the means by which RSMFP will be contacting successful applicants, it is imperative that you are able to receive emails from us. If the email went to your Junk Mail, make sure that you add the email address to your trusted contacts list. If you still cannot find an email notifying you that your Application Form is submitted, please correspond with us via email at: rsm_fellowships@worldbank.org. Remember we cannot guarantee a response to any inquiries within 3 business days of the application deadline.
