

CDD & Disaster Risk Management

Dan Owen
CDD Coordinator
Social Development Department

Trends in CDD

- Shift from boutiques to programs embedded in broader architecture of policy and institutional reform
- Focus on inclusion, accountability and governance
- CDD approach of choice in conflict and fragile states
- Link with climate change adaptation agenda

CDD strengths in DRR

- Local partnerships
- Explicit focus on vulnerable, poor and marginalized
- Experience in handling alternative delivery mechanisms
- Building capacity

CDD strengths in DRR

- Linking services and livelihoods
- Continual learning
- Optimizing opportunity to build community empowerment and influence policy and institutional practice

Workshop Objectives

- Feedback and input to Toolkit
- Framing a work program on CBDRM
- Peer learning & resource sharing
