## Impact of carbon emissions

- Food miles??
- IPCC Report (2007)
- Stern Report (2006)
- Lancet UCL Report (2009):
  - Presenting climate change as '*not good for you*'

## Role of Law: societal benefit theory

- EU carbon label criteria:
  - Compulsory

## Role of Law: societal benefit theory

- EU carbon label criteria:
  - Compulsory
  - Harmonised

A nutritional information table with a white background and a blue border. The table is titled 'Per serving' in the top right corner. It lists four nutrients: Fat (7.7g), Saturates (2.0g), Sugars (42.2g), and Salt (2.0g). Each nutrient name is in a colored box: Fat (green), Saturates (green), Sugars (red), and Salt (orange). The values are in white boxes to the right of each nutrient name.

	Per serving
<b>Fat</b>	7.7g
<b>Saturates</b>	2.0g
<b>Sugars</b>	42.2g
<b>Salt</b>	2.0g

## Role of Law: societal benefit theory

- EU carbon label criteria:
  - Compulsory
  - Harmonised
  - Clarity
  - Assessment criteria
  - Verifiable

## Conclusion
