

# Governance: From Diagnostic to Action Plan Completion -- GAC Diagnostics\*\*

## REGION: LATIN AMERICA

\*In Mexico, the Instituto Tecnológico de Monterrey took the initiative to carry out a modified version of the diagnostic surveys. WBI provided technical assistance in questionnaire and sample design. The civil society of Ecuador and Paraguay has approached WBI for a second round of governance diagnostic surveys

\*\*The Governance and Anti-Corruption Diagnostic instruments were originally developed in a joint effort by ECA and WBI experts.
