Encouragement of Special Interest CCBs

✦ Chiniot has encouraged the formation of special interest CCBs:

- ◆ Women based group**
- ◆ Water Users group**
- ◆ Woodworkers group**
- ◆ Lawyers group**

✦ Specialized groups facilitate highlighting of one issue and make negotiations with community easier (water group as an example)

Some problems faced by CCBs

- ✦ **At times communities not involved. “One man show”**
- ✦ **Emergence of fraudulent CCBs**
- ✦ **Present CCBs mostly target based and very few process based**
- ✦ **CCB Rules need refinement**

Future Directions

- ✦ **Following the holistic approach towards promoting citizen participation, involve CCBs in monitoring, evaluation and feedback (performance management) and social awareness to:**
 - ◆ **increase transparency**
 - ◆ **increase relevance**
 - ◆ **improve service delivery**
 - ◆ **impart civic sense**

- ✦ **Motivate CCBs in taking service delivery to a new level (further up-gradation and quality improvement)**

- ✦ **Enhance the capacity of CCBs through training**

THANK YOU
